Women Like Us are delighted to welcome you back to our first FACE TO FACE networking event of the year and we couldn't be more excited to meet you in person.

Women Like Us is more than just financial advice for women, by women. Our aim is to build a network of like-minded professionals to share support, ideas, and services with each other.

Our exclusive in person networking event is held in conjunction with our partners OWIT Lake Geneva; an organisation which connects professional women across industries and trades in the Lake Geneva region.

During the event, we will be focusing on how you can become more assertive in your day to day lives and achieve what you both want and deserve. Becoming assertive can have huge benefits on your career and personal life and is extremely important for those of you who are or are looking to become leaders.
